By signing below, the Fire Chief of the above-identified fire jurisdiction, or his or her designee, hereby acknowledges that he or she inspected the Display Site:		
Signature:		
Print Name:	Date	

**PART F – DIAGRAM OF DISPLAY SITE (Completed by the Applicant)**

In the space provided below, draw and identify the location of the following items:  
Streets, Discharge Site, Fallout Area, Parking Area, Spectator Area, Buildings, Overhead Obstructions, and Spotters.  
The associated separation distances must also be shown. Do not forget to identify the direction in your drawing:

The diagram area is a large rectangle with a thin black border. In the center of this rectangle is a large, empty circle. In the top right corner of the rectangle is a directional compass rose. The compass rose consists of a diamond shape with four black arrows pointing outwards towards the top, bottom, left, and right. At the end of each arrow is a small square with a cross inside, representing a building or structure. The entire diagram area is currently blank, intended for the applicant to draw and label various site elements and their separation distances.
